

CHINA COLA

CHINA COLA IS THE TOP SELLING COLA IN NATURAL FOODS. This great tasting cola gives a natural lift from the addition of a Chinese herbal infusion imported from China. This herbal infusion was originally developed by a Chinese master herbalist and was added to a popular cola in China. The main Chinese herbs are Szechwan Peony Root, Cassia Bark, Cardamom, Licorice, and Orange peel. These herbs were picked for their effect on digestion and the liver. It was designed to boost and balance the body's natural energy levels. It was believed that these herbs would benefit the general population due to imbalances observed by the Chinese Herbal profession (according to Chinese herbalists these imbalances are commonly found in Americans, too)

The cola part of this formula was designed by a retired soft drink flavorist here in the USA who had worked on the early colas. The original ingredients used in colas were much more natural and would be too expensive for a mainstream cola nowadays. China Cola harks back to these early colas and uses these original natural ingredients such as real Malaysian Vanilla and Cinnamon. So enjoy an American classic with an exotic eastern health benefit.
